

Contents

Part I Extreme Swimming in the Natural Environment

1	Salmonid Reproductive Migration and Effects on Sexual Maturation	3
	Kazufumi Hayashida, Kosuke Fukaya, Arjan P. Palstra and Hiroshi Ueda	
2	Extreme Swimming: The Oceanic Migrations of Anguillids	19
	David Righton, Kim Aarestrup, Don Jellyman, Phillipe Sébert, Guido van den Thillart and Katsumi Tsukamoto	
3	Physiology of Swimming and Migration in Tunas	45
	Robert E. Shadwick, Laureenne L. Schiller and Douglas S. Fudge	

Part II Potential Impacts on Swimming Fish in Aquaculture

4	Forced and Preferred Swimming Speeds of Fish: A Methodological Approach	81
	Christian Tudorache, Gudrun de Boeck and Guy Claireaux	
5	Effects of Turbulence on Fish Swimming in Aquaculture	109
	James C. Liao and Aline Cotel	
6	The Effect of Hypoxia on Fish Swimming Performance and Behaviour	129
	P. Domenici, N. A. Herbert, C. Lefrançois, J. F. Steffensen and D. J. McKenzie	

7	Exercise, Stress and Welfare	161
	Felicity Huntingford and Sunil Kadri	

Part III Nutrition, Energy Metabolism and Muscle Growth in Swimming Fish

8	Swimming-Enhanced Growth	177
	W. Davison and N. A. Herbert	
9	Metabolic Fuel Utilization During Swimming: Optimizing Nutritional Requirements for Enhanced Performance	203
	L. J. Magnoni, O. Felip, J. Blasco and J. V. Planas	
10	Transcriptomic and Proteomic Response of Skeletal Muscle to Swimming-Induced Exercise in Fish	237
	Josep V. Planas, Miguel Martín-Pérez, Leonardo J. Magnoni, Josefina Blasco, Antoni Ibarz, Jaume Fernandez-Borras and Arjan P. Palstra	
11	Molecular Adaptive Mechanisms in the Cardiac Muscle of Exercised Fish	257
	Harald Takle and Vicente Castro	
12	Exercise Effects on Fish Quality and Implications for Consumer Preferences	275
	Richard Skøtt Rasmussen, Octavio López-Albors and Frode Alfnes	
13	Swimming Effects on Developing Zebrafish	301
	Sander Kranenbarg and Bernd Pelster	
14	Exercise Physiology of Zebrafish: Swimming Effects on Skeletal and Cardiac Muscle Growth, on the Immune System, and the Involvement of the Stress Axis	323
	A. P. Palstra, M. Schaaf and J. V. Planas	

Part IV Novel Technologies for Studying Fish Swimming and Aquaculture Applications

15	Swimming Flumes as a Tool for Studying Swimming Behavior and Physiology: Current Applications and Future Developments	345
	David J. Ellerby and Jannik Herskin	

16 Practical Aspects of Induced Exercise in Finfish Aquaculture . . . 377
N. A. Herbert

17 Robotic Fish to Lead the School 407
C. Rossi, W. Coral and A. Barrientos

Index 423
