

Contents

1 Viscera	1
1.1 Viscera at a Glance	2
Arrangement by Function	2
2 Cardiovascular System	5
2.1 Overview	6
Circulatory System and Lymphatic Vessels	6
Fetal Circulation	8
Circulatory Adjustments at Birth	8
2.2 Heart	10
External Features	10
Chambers of the Heart	14
Cardiac Skeleton	18
Layers of the Heart Wall	18
Layers of the Heart Wall, Histology, and Ultrastructure	20
Heart Valves	22
Vasculature of the Heart	24
Conducting System of the Heart	26
Innervation of the Heart	28
Pericardium	30
Position of the Heart and Cardiac Borders	32
Radiographic Anatomy	34
Auscultation	34
Cross-Sectional Anatomy	36
Cross-Sectional Echocardiography	40
Functions of the Heart	42
2.3 Arterial System	44
Aorta	44
2.4 Arteries of the Head and Neck	46
Common Carotid Artery	46
External Carotid Artery	46
Maxillary Artery	48
Internal Carotid Artery	50
Subclavian Artery	52
2.5 Arteries of the Shoulder and Upper Limb	54
Axillary Artery	54
Brachial Artery	54
Radial Artery	56
Ulnar Artery	56
2.6 Arteries of the Pelvis and Lower Limb	58
Internal Iliac Artery	58
External Iliac Artery	60
Femoral Artery	60
Popliteal Artery	62
Arteries of the Leg and Foot	62
2.7 Venous System	66
Caval System	66
Azygos Vein System	66
2.8 Tributaries of the Superior Vena Cava	68
Brachiocephalic Veins	68
Jugular Veins	68
Dural Venous Sinuses	70
Additional Intracranial and Extracranial Pathways	70
Veins of the Upper Limb	72
2.9 Tributaries of the Inferior Vena Cava	74
Iliac Veins	74
Veins of the Lower Limb	76
2.10 Lymphatic System	78
Lymphatic Vessels	78
Regional Lymph Nodes of the Head, Neck, and Arm	80
Regional Lymph Nodes of the Thorax and Abdomen	82

Regional Lymph Nodes of the Pelvis and Lower Limb.	84	Regional Variation in Vessel Wall Structure—Arterial Vessels.	88
2.11 Structure and Function of Blood and Lymphatic Vessels.	86	Regional Variation in Vessel Wall Structure—Venous Vessels.	90
Vessel Wall.	86		

3 Respiratory System 93

3.1 Overview.	94	Glottis.	116
Anatomical Division of the Respiratory System.	94	3.4 Trachea.	118
Clinical Division of the Respiratory System.	94	Trachea and Extrapulmonary Main Bronchi.	118
3.2 Nose.	96	Topography of the Trachea and Larynx.	120
External Nose.	96	3.5 Lung.	122
Nasal Cavity.	98	Surfaces of the Lung.	122
Paranasal Sinuses.	102	Divisions of the Bronchi and Bronchopulmonary Segments.	124
Openings of Paranasal Sinuses and Nasal Meatuses.	104	Microscopic Anatomy.	126
Posterior Nasal Apertures.	106	Vascular System and Innervation.	128
Nasopharynx.	106	Pleura.	130
3.3 Larynx.	108	Cross-Sectional Anatomy.	132
Laryngeal Skeleton.	108	Mechanics of Breathing.	134
Structures Connecting the Laryngeal Cartilages.	110	3.6 Mediastinum.	136
Laryngeal Muscles.	112	Right View of the Mediastinum.	136
Laryngeal Cavity.	114	Left View of the Mediastinum.	138

4 Alimentary System 141

4.1 Overview.	142	Deciduous Teeth.	162
General Structure and Functions.	142	Eruption of the Primary and Permanent Dentition.	162
4.2 Oral Cavity.	144	Development of the Teeth.	164
General Structure.	144	Position of the Teeth in the Dental Arcades.	166
Palate.	146	4.3 Pharynx.	168
Tongue.	148	Organization and General Structure.	168
Muscles of the Tongue.	150	The Act of Swallowing.	170
Inferior Surface of the Tongue.	152	4.4 Topographical Anatomy I.	172
Floor of the Mouth.	152	Cross-sectional Anatomy of the Head and Neck.	172
Salivary Glands.	154	4.5 Esophagus.	176
Microscopic Anatomy of the Salivary Glands.	156	General Organization and Microscopic Anatomy.	176
Teeth.	158		
Parts of the Tooth and the Periodontium.	160		

Topographical Anatomy of the Esophagus and the Posterior Mediastinum	178	Typical Features.....	202
Vessels, Nerves, and Lymphatic Drainage	180	Cecum and Vermiform Appendix.....	202
4.6 Abdominal Cavity.....	182	Colon Segments.....	206
General Overview.....	182	Rectum and Anal Canal.....	208
Topography of the Opened Abdominal Cavity.....	184	4.10 Liver	212
Parietal Peritoneum: Relations	188	Gross Anatomy	212
4.7 Stomach.....	190	Liver Segments	214
Gross Anatomy	190	Microscopic Anatomy	214
Microscopic Anatomy of the Stomach	192	Hepatic Portal Vein System	216
Vessels, Nerves, Lymph. Drainage	194	Bile Ducts	218
4.8 Small Intestine.....	196	Gallbladder.....	218
Gross Anatomy	196	4.11 Pancreas	220
Structure of the Small Intestinal Wall	198	Gross and Microscopic Anatomy	220
Vessels, Nerves, and Lymphatic Drainage	200	Topography of the Omental Bursa and Pancreas.....	222
4.9 Large Intestine.....	202	4.12 Topographical Anatomy II.....	224
Segments of the Large Intestine: Overview.....	202	Cross-Sectional Anatomy of the Upper Abdomen.....	224
		Cross-Sectional Anatomy of the Upper and Lower Abdomen.....	226
5 Urinary System.....	229		
5.1 Overview.....	230	5.3 Excretory Organs.....	240
Organization and Position of the Urinary Organs.....	230	Renal Pelvis and Ureter	240
5.2 Kidney	232	Urinary Bladder.....	242
Gross Anatomy	232	Female Urethra	244
Microscopic Anatomy	234	Topography of the Excretory Organs.....	244
Topography of the Kidneys.....	238		
6 Male Genital System.....	247		
6.1 Overview.....	248	Seminal Vesicles	258
Male Reproductive Organs.....	248	Prostate	258
6.2 Testis and Epididymis	250	6.4 Male External Genitalia.....	260
Gross Anatomy	250	Penis.....	260
Microscopic Anatomy	252	Male Urethra	262
6.3 Seminal Ducts and Accessory Sex Glands.....	256	6.5 Topographical Anatomy	264
Ductus Deferens (Vas Deferens) ..	256	Cross-Sectional Anatomy	264

7 Female Genital System..... 267

- 7.1 Overview..... 268
 - Female Reproductive Organs..... 268
- 7.2 Ovary and Uterine Tubes 270
 - Gross Anatomy of the Ovary 270
 - Microscopic Anatomy of the Ovary 270
 - Follicles 272
 - Gross Anatomy of the Uterine Tube..... 274
 - Microscopic Anatomy of the Uterine Tube 274
- 7.3 Uterus 276
 - Gross Anatomy 276
 - Microscopic Anatomy 278
- Vessels, Nerves, and Lymphatic Drainage 280
- Support of the Uterus 280
- 7.4 Vagina and External Genitalia 282
 - Gross Anatomy 282
 - Microscopic Anatomy 282
 - External Genitalia..... 284
- 7.5 Topographical Anatomy 286
 - Cross-Sectional Anatomy 286
- 7.6 Comparative Anatomy of the Female and Male Pelves 288
 - Soft Tissue Closure of the Pelvis .. 288

8 Pregnancy and Human Development..... 293

- 8.1 Gametes..... 294
- 8.2 Fertilization 296
 - Capacitation and Acrosome Reaction..... 296
 - Formation of the Zygote 296
- 8.3 Early Development..... 298
 - Pregnancy..... 300
- 8.4 Placenta..... 302
- 8.5 Birth (Parturition) 304
 - Dilation Stage..... 306
 - Expulsion Stage..... 308
- 8.6 Overview and Prenatal Period.... 310
 - Prenatal Period 310
 - Stages in Prenatal Development 312
- 8.7 Organ Development..... 318
- Body Cavities 318
- Heart 318
- 8.8 Vessel Development..... 322
- 8.9 Respiratory System..... 324
- 8.10 Gastrointestinal System 326
 - Foregut..... 328
 - Midgut and Hindgut..... 330
- 8.11 Urinary System 332
 - Development of the Urinary System 332
- 8.12 Genital System..... 334
 - Development of the Genital System..... 334
- 8.13 Perinatal Period..... 338
 - The Neonate..... 338
- 8.14 Postnatal Period 340

9 Secretion, Glandular Epithelium, Endocrine System 343

- 9.1 Overview and Classification of Exocrine Glands 344
 - Classification of Exocrine Glands 344
- 9.2 Endocrine System..... 348
 - Overview..... 348
- 9.3 Hypothalamic–Pituitary Axis 350
 - Gross Anatomy 350
 - Microscopic Anatomy of the Pituitary Gland 352
- 9.4 Hypothalamus–Pituitary Connections..... 354
 - Efferent Connections of the Hypothalamus 354

9.5 Pineal Gland	360	9.8 Pancreatic Islets	374
Gross Anatomy	360	Microscopic Anatomy	374
Microscopic Anatomy	360	9.9 Diffuse Endocrine System	376
9.6 Adrenal Glands	362	Testicular Endocrine Functions	376
Gross Anatomy	362	Ovarian Endocrine Functions	378
Microscopic Anatomy of the Adrenal Cortex	364	Ovarian Cycle	378
Microscopic Anatomy of the Adrenal Medulla	366	Endocrine Functions of the Placenta	380
9.7 Thyroid Gland	368	Cardiac Hormones—Atrial Natriuretic Peptides	382
Gross Anatomy	368	Diffuse Endocrine Cells in Various Organs	384
Microscopic Anatomy	370		
Parathyroid Glands	372		

10 Blood and Lymphatic Systems **391**

10.1 Blood	392	Microanatomy of the Thymus	408
Components of Blood	392	Lymph Nodes	410
Hematopoiesis	396	Spleen	412
10.2 Immune System	400	Microscopic Anatomy of the Spleen	414
Cells of the Immune System	402	The Tonsils	416
10.3 Lymphatic Organs	404	Mucosa-Associated Lymphoid Tissue (MALT)	418
Overview	404		
Thymus	406		

11 The Integument **421**

11.1 Skin	422	Hair	432
General Structure and Functions	422	Nails	434
Skin Color	422	Skin as a Sensory Organ—Organs of Somatovisceral Sensation	434
Surface of the Skin	424	11.3 Breast and Mammary Glands	436
The Layers of the Skin	426	Gross Anatomy	436
11.2 Skin Appendages	430	Microscopic Structure and Function of the Female Breast	438
Skin Glands	430
